

A broad company universe was narrowed to 9 through structured screening and Plasan expert review

SELECTED FOR DEEP DIVE

- Advanced Material Development
- Ametrine Technologies
- CBG Systems
- Eltics / Black Fox
- Permali
- Ravelin Defense
- Shieldex
- STG Defence
- Sterlite Camotech

Four camouflage pure-plays; five broader businesses with a dedicated or adjacent signature-management line

Company	Main business	Key signature-management offering	Signature domains	Market status	Employees · Revenue
CORE BUSINESS — signature management is the company's main activity					
Ametrine Technologies Israel / US	Camouflage systems	Flint™ platform coating/skin; multirole concealment covers	Visual · Thermal IR	Fielded / Commercial	11–50 \$1–15M (est.)
Eltics / Black Fox Israel	Camouflage systems	Black Fox active thermal camouflage for land vehicles	Thermal IR (MWIR / LWIR)	Prototype / historical	5
STG Defence Ukraine	Camouflage systems	Thermal Signature Shelter for vehicles & equipment; personnel systems	NIR / SWIR · MWIR / LWIR radar: aviation / hangar lines	Fielded / Commercial	51–200
Sterlite Camotech India	Camouflage systems	MSCN multispectral nets; MCS mobile camouflage; IR paints	Visual · NIR · Thermal IR radar: company-claimed	Fielded / Commercial	26–50
MAJOR BUSINESS LINE — dedicated signature-management line within a broader business					
Advanced Material Development US / UK	Nanomaterials & advanced coatings	CHAM-NIR / ChamIR adaptive IR coatings; ChamEM radar materials	NIR / MIR · Radar / EM	Development / Trials	2–10
CBG Systems Australia	Marine & defence protection systems	SolarSigmaShield vehicle camouflage system; multispectral nets	Visual · Thermal IR · Radar	Fielded / Commercial	11–50 ~\$6M (est.)
Ravelin Defense US · formerly ArmorWorks	Defence survivability & manufacturing	TactiCam™ 3D vehicle camouflage; radar-reduction shrouds	Visual / IR · Radar	Commercial	201–500
ADJACENT OFFERING — signature management as an application of an adjacent technology					
Perмали UK · Diamorph Group	Defence composites	Dust Skirts suppressing the dust plume of moving armored vehicles	Visual · Radar dust-plume signature only	Commercial	370 £30M reported
Shieldex Germany · family-owned	Conductive & shielding textiles	Shieldex® Zell RS CR metallized textile — enabling material	Thermal IR · RF / EMI shield not RCS reduction	Commercial	~50 ~\$31M (est.)

Employee counts are working ranges; "est." figures are unvalidated third-party estimates, not reported revenue; radar coverage is qualified where not independently substantiated.

CBG Systems — a fielded multispectral vehicle-camouflage system inside a broader marine & protection business

COUNTRY	MAIN BUSINESS	SIGNATURE FOCUS	OWNERSHIP	EMPLOYEES	REVENUE
Australia	Marine insulation, fire/protection systems & defence signature management	Major business line	Private — CBG Systems Pty Ltd	11–50	≈US\$6M (third-party estimate)

SIGNATURE-MANAGEMENT PORTFOLIO

SolarSigmaShield Vehicle camouflage system — flagship	Tailored, layered multispectral camouflage for military platforms — reduces visual / optical, thermal-IR and radar signatures in one integrated vehicle solution
Multispectral Net System Nets & covers	Deployable multispectral concealment for equipment and platforms
Individual Camouflage System Personnel — secondary	Personal concealment; secondary to the vehicle / platform portfolio

SIGNATURE DOMAINS

- Visual / Optical
- Thermal IR
- Radar

COMMERCIAL EVIDENCE

2024 — LAND 400 PHASE 3 Contracted to supply SolarSigmaShield for the Redback IFV — named customer, major armored-vehicle program	CUSTOMER Hanwha Defence Australia — prime contractor for the Redback under LAND 400 Phase 3	FURTHER PROGRAM ASSOCIATION Associated with Australia's AS9 / AS10 vehicles under LAND 8116
